

# SSNAP Core Inpatient Dataset 6.0.0 for Teams in Northern Ireland

## Introduction to this dataset

The only difference in this dataset for teams in Northern Ireland is that patient identifiable information cannot be entered onto the webtool. This is due to the different legal requirements for Northern Ireland. Teams in Northern Ireland are encouraged to keep note of the patient identifiable information alongside the patient audit number (assigned by the webtool when a new record is created) within their trust, so that it is easier to refer back to patient notes if necessary.

This dataset was previously called the SSNAP Core Dataset. From 1 October 2024, the datasets for inpatient and community teams separated to allow for each dataset to be more closely tailored to the differing requirements of the inpatient and community settings and so two datasets were created: the Core Inpatient Dataset (this document) and the Core Community Dataset. The SSNAP Core Dataset previously included section 8 (Six month follow-up assessment), however this is now available in a standalone document.

Inpatient teams are required to complete sections 1-7 of the dataset. **All SSNAP clinical teams must complete sections 4 and 7 of the dataset.** When a record has been transferred on the webtool to a new team, sections 4 and 7 will 'refresh' allowing the next team to re cord and lock their data for these sections.

The SSNAP webtool has multiple validations (based on information supplied by teams in the preceding pathway and in preceding questions) and so some fields will either be pre-populated and/or unavailable to answer because they are not relevant.

Community teams are only required to answer sections 4 and 7 of the dataset. The questions in sections 4 and 7 of the Core Community Dataset are different to the questions in sections 4 and 7 of the Core Inpatient Dataset.

The provider performing the six month assessment completes section 8 of the dataset.

A log of changes made to the SSNAP Core Dataset can be found at the end of this document, <u>available</u> <u>here.</u>

#### More information and contacts

For queries, please contact <u>ssnap@kcl.ac.uk</u> Webtool for data entry: <u>www.strokeaudit.org</u>

Hospital	/ Team Auto-completed on web tool
Patient	Audit Number Auto-completed on web tool
<u>Demogr</u>	aphics/ Onset/ Arrival (must be completed by the first hospital)
1.1.	Hospital Number (not available to answer on webtool for teams in Northern Ireland)
1.2.	NHS Number (not available to answer on webtool for teams in Northern Ireland)
1.3.	Surname (not available to answer on webtool for teams in Northern Ireland)
1.4.	Forename (not available to answer on webtool for teams in Northern Ireland)
1.5.	Date of birth (not available to answer on webtool for teams in Northern Ireland)
	Age on arrival 16-120
	(teams in Northern Ireland must put age on arrival instead)
1.6.	Gender Male O Female O Indeterminate O
1.7.	Postcode of usual address 2-4 alphanumeric
	(teams in Northern Ireland can only put the first portion of the postcode on the webtool)
1.8.	Ethnicity A – Z (select radio button) or Not Known O
1.9.	What was the diagnosis? Stroke O TIA O Other O (If TIA or Other please go to relevant dataset)
1.10.	Was the patient already an inpatient at the time of stroke? Yes O No O
1.11.	Date/time of onset/awareness of symptoms dd mm yyyy hh mm
	1.11.1. The date given is: Precise O Best estimate O Stroke during sleep O
	1.11.2. The time given is: Precise O Best estimateO Not known O
1.12.	Did the patient arrive by ambulance? Yes O No O
	If yes: 1.12.1. Ambulance trust Default Drop-down of all trusts
	1.12.2. Computer Aided Despatch (CAD) / Incident Number 12 characters
	1.12.3. Was pre-hospital video triage used for this patient? Yes O No O
1.13.	Date/ time patient arrived at first hospital dd mm yyyy hh mm
1.14.	Which was the first ward the patient was admitted to at the first hospital? MAU/ AAU/ CDU O Stroke Unit O ITU/CCU/HDU O Other O
1.15.	Date/time patient first arrived on a stroke unit dd mm yyyy hh mm or Did not stay on stroke unit O

Casemix / First 24 hours (if patient is transferred to another setting after 24 hours, this section must be complete)

2.1. Did the patient have any of the following co-morbidities prior to this admission?

2.1.1a	Congestive Heart Failure:	Yes O	No	0
2.1.1b	Hypertension:	Yes O	No	0
2.1.1c	Atrial fibrillation:	Yes O	No	0
2.1.1d	Diabetes:	Yes O	No	0
2.1.1e	Previous stroke/TIA:	Yes O	No	0
2.1.1f	Dementia:	Yes O	No	0

- 2.1.6. Was the patient on antiplatelet medication prior to admission? Yes O No O No but O
- 2.1.7. Was the patient on anticoagulant medication prior to admission? Yes O  $\,$  No  $\,$ O  $\,$ No but O  $\,$

2.1.7(a)	What anticoagulant was the patient prescr	ibed before their stroke?
	Vitamin K antagonists (includes Warfarin)	0
	DOAC	0
	Heparin	0

- 2.1.7(b) What was the patient's International Normalised ratio (INR) on arrival at hospital (if inpatient, INR at the time of stroke onset)?
   Allowable values [0.0 10.0]
   INR not checked O
   Greater than 10 O
- 2.1.8. Was a new diagnosis of AF made on admission? Yes O No O
- 2.2. What was the patient's modified Rankin Scale score before this stroke? [0-5]
- 2.3. What was the patient's NIHSS score on arrival? Automated calculation of total score

2.15.1. What reversal agent was given?

PCC			
Idarucizumab			
Andexanet alfa			
FFP			
Protamine			
Vitamin K			

	2.15.2. Date and time reversal agent was given dd	mm yyyy hh mm
	2.15.3. If anticoagulant reversal not given, what was the	e reason?
	Stroke too severe or too mild	0
	Symptom onset time unknown	0
	Patient palliated within 1 hour of admission	0
	Anticoagulant reversal contraindicated	0
	Patient or relative refusal	0
	Other medical reason	0
	No reason given	0
2.16.	Did the patient have a neurosurgery consultation?	Yes O No O
	2.16.1. Was the patient transferred for neurosurgery?	Yes O No O
2.17.	What was the maximum diameter (in any direction) of	the intracerebral haematoma on the first brain

imaging? [0.1-20.0]cm

## Assessments – First 72 hours (if patient is transferred after 72 hours, this section must be complete and locked)

3.1.	Has it been decided in the first 72 hours that the patient is for palliative care? Yes O No O						
	If yes: 3.1.1. Date of palliative care decision dd mm yyyy						
	3.1.2. If yes, does the patient have a plan for their end of life care? Yes O No O						
3.2.0	Date/time first assessed (in person) by a stroke skilled clinician dd mm yyyy hh mm or No assessment in first 72 hours O						
3.2.	Date/time first assessed by nurse trained in stroke management dd mm yyyy hh mm or No assessment in first 72 hours O						
3.3a	Date and time contact was first made with a stroke specialist consultant about this case (whether in person or otherwise) following a clinical assessment dd mm yyyy hh mm or No assessment in first 72 hours O						
3.3b	How was contact first made with the stroke consultant?In personOBy telephoneOTelemedicineO						
3.3c	If first contact with consultant was not in person, date and time first assessed by stroke specialist consultant in person.						
3.4.	Date/time of first swallow screen dd mm yyyy hh mm (If date/time already entered for screening within 4 hours (2.10), 3.4 does not need to be answered) or Patient not screened in first 72 hours O						
	3.4.1.If screening was not performed within 72 hours, what was the reason?Organisational reasonsOPatient refusedOPatient medically unwell in first 72 hoursONot knownO						
3.5.	Date/time first assessed by an Occupational Therapist dd mm yyyy hh mm or No assessment in first 72 hours O						
	3.5.1.If assessment was not performed within 72 hours, what was the reason? Organisational reasonsOPatient refusedOPatient medically unwellOPatient had no relevant deficitONot knownO						
3.6.	Date/time first assessed by a Physiotherapist dd mm yyyy hh mm or No assessment in first 72 hours O						
	3.6.1.If assessment was not performed within 72 hours, what was the reason?Organisational reasonsOPatient refusedOPatient medically unwellOPatient had no relevant deficitO						

3.7.	Date/time communication first assessed by Speech and Language Therapist	dd	mm	уууу	hh	mm
	or No assessment in first 72 hours O					

3.7.1. If assessment was not performed within 72 hours, what was the reason?

Organisational reasons	0
Patient refused	0
Patient medically unwell	0
Patient had no relevant deficit	0
Not known	Ο

- 3.8. Date/time of formal swallow assessment by a Speech and Language Therapist or another professional trained in dysphagia assessment or No assessment in first 72 hours O
  - 3.8.1.If assessment was not performed within 72 hours, what was the reason?Organisational reasonsOPatient refusedO

Patient medically unwell
Patient passed swallow screening
Not known

3.9. It is not a requirement that the patient provides explicit consent for their patient identifiable details to be included in SSNAP at this stage. However, where efforts have been made to seek consent from the patient, please state if the patient gave consent for their identifiable information to be included in SSNAP?

000

(not available to answer on webtool for teams in Northern Ireland)

	6.5.1	If no plan, what was the reason?Organisational reasonsOPatient refusedOPatient continentONot knownO
6.6.		e patient identified as being at high risk of malnutrition following nutritional screening? No O Not screened O

6.6.1 Date patient saw a dietitian or Not seen by a dietitian O

6.7.	Date patient screened for mood using a validated tool dd mm yyyy or Not screened O
	6.7.1If not screened, what was the reason? Organisational reasonsOPatient refusedOPatient medically unwell for entire admission Not knownO
6.8.	Date patient screened for cognition using a validated tool dd mm yyyy or Not screened O
	6.8.1 If not screened, what was the reason?       O         Organisational reasons       O         Patient refused       O         Patient medically unwell for entire admission       O         Not known       O
6.9.	Has it been decided by discharge that the patient is for palliative care? Yes O $$ No $$ O $$
	If yes: 6.9.1 Date of palliative care decision dd mm yyyy
	6.9.2 If yes, does the patient have a plan for their end of life care? Yes $O$ No $O$
6.10.	First date rehabilitation goals agreed: dd mm yyyy or No goals O
This questi	on is auto-completed. It will be based on the first date that is entered for 4.7. If no hospitals / care settings in the pathway enter a date (i.e. all select 'no goals'), then 'no goals' will be selected here
6.11.	Was intermittent pneumatic compression applied? Yes O No O Not Known O
6.12.	Date/time first assessed by a Psychologist dd mm yyyy hh mm or No assessment by discharge O
	6.12.1If no assessment, what was the reason?Organisational reasonsOPatient refusedOPatient medically unwell for entire admissionOPatient had no relevant deficitONot knownO
6.13.	Date patient screened for visual impairment using a standardised tool dd mm yyyy or Not screened O
	6.13.1       If not screened, what was the reason?         Organisational reasons       O         Patient refused       O         Patient medically unwell for entire admission       O         Not known       O
6.14.	Date/time first assessed by an Orthoptist dd mm yyyy hh mm or No assessment by discharge O
	6.14.1 If no assessment, what was the reason?

Organisational reasons	0
Patient refused	0
Patient medically unwell for entire admission	0
Patient had no relevant deficit	0
Scheduled outpatient appointment	0
Not known	0

6.15. What was the patient's employment status prior to stroke?

Working full-time	0
Working part-time	0
Retired	0
Studying or training	0
Unemployed	0
Other	0

## Discharge / Transfer

7.1.	The patient: Died Was discharged to a care home Was discharged home Was discharged to somewhere else Was transferred to another inpatient care team Was transferred to an ESD / community team Was transferred to another inpatient care team, not participating in SSNAP	0 0 0 0 0 0				
	Was transferred to an ESD/community team, not participating in SSNAP	0				
	7.1.1 If patient died, what was the date of death?					
	7.1.2 Did the patient die in a stroke unit? Yes O No O					
	7.1.3 What hospital/team was the patient transferred to? Enter team code					
	7.1.4 If discharged to ESD/community team, where is the patient living? Home O Care home O Other O					
7.2.	Date/time of discharge from stroke unit dd mm yyyy hh	mm				
7.3.	Date/time of discharge/transfer from team dd mm yyyy hh	mm				
7.4.	<ul> <li>7.3.1 Date patient considered by the multidisciplinary team to no longer requined mm yyyy</li> <li>Modified Rankin Scale score at discharge/transfer [0-6] (defaults to 6 if 7.1 is</li> </ul>					
7.5.	If discharged to a care home, was the patient: Previously a resident O Not previously a resident O					
	7.5.1 If not previously a resident, is the new arrangement: Temporary O	Permanent O				
7.6.	If discharged home, is the patient: Living alone O Not living alone O	Not known O				
7.7.	Was the patient discharged with an Early Supported Discharge multidisciplinary Yes, stroke/neurology specific O Yes, non-specialist O No O	team?				
7.8.	Was the patient discharged with a multidisciplinary community rehabilitation te Yes, stroke/neurology specific O Yes, non-specialist O No O	am?				
7.8.1	Was the patient discharged with a combined ESD-CRT service?					
	Yes, stroke/neurology specific O Yes, non-specialist O No O					
7.9.	Did the patient require help with personal activities of daily living (ADL)?	Yes O No O				
	If yes: 7.9.1 What support did they receive? Paid carers O Informal carers O Paid and informal carers O Paid care services unavailable O Patient refused O					

7.9.3 At point of discharge, how many visits per day did the patient require?

		One Not kn	O own	Two O	0	Three	0	Four	0	24 hou	r care	0
	7.9.4	How m	iany car	ers?	One ca	irer O	Two ca	arers O	Not kno	own	0	
7.10.	Is ther	e docum	ented e	vidence	that the	patient	is in atr	ial fibrilla	ation on	discharg	ge? Yes	O No O
	7.10.1	If yes, v dischai Yes 〇	rged wit	h a plan	•	•	•			•	n discha	arge or
7.11.							r post discharge					
	manag	gement?	re	s O		No O		Not ap	plicable	0		
7.12.	7.12. At the point of discharge, was the patient provided with the contact details of a named health							healthcare				
	professional who can provide further information, support and advice, as and when needed?											
	Yes C	No O										
7.14.	It is not a requirement that the patient provides explicit consent for their patient identifiable details to be included in SSNAP at this stage. However, where efforts have been made to seek consent from the patient, please state if the patient gave consent for their identifiable information to be included in SSNAP?											
	(not a	vailable	to answ	er on we	ebtool fo	or teams	in Nor	thern Ire	land)			
	- 1											
7.15.	Please data?	state if t	the pati	ent gave	consent	t for thei	r inforn	nation to	be inclu	ded in r	esearch	using SSNAP

(not available to answer on webtool for teams in Northern Ireland)

## Changes to the SSNAP Core Inpatient Dataset

Version	Date	Changes
1.1.1	12 Dec 2012	<ul> <li>Official core dataset following pilot versions (most recent 3.6.16)</li> </ul>
1.1.2	18 Feb 2013	<ul> <li>1.12.2 – word 'incident' added to question and allowed values changed to 10 characters</li> <li>2.8 – sub questions renumbered</li> <li>6.10 – word 'First' added</li> </ul>
2.1.1	02 Apr 2014	<ul> <li>1.14 Which was the first ward the patient was admitted to at the first hospital? (wording change from 'Which was the first ward the patient was admitted to?')</li> <li>3.1 Has it been decided in the first 72 hours that the patient is for palliative care? (wording change from 'If yes, does the patient have a plan for their end of life care?')</li> <li>3.1.2 – If yes, does the patient have a plan for their end of life care? (wording change from 'Is the patient on an end of life pathway?')</li> <li>4.3.1 – New question: 'If yes, at what date was the patient no longer considered to require this therapy?'</li> <li>4.5.1 Question removed</li> <li>6.3.2 – If yes, does the patient have a plan for their end of life care? (wording change from 'Is the patient on an end of life pathway?')</li> <li>6.11 - New question: 'Was intermittent pneumatic compression applied? '</li> <li>6.11.1 - New question: 'If yes, what date was intermittent pneumatic compression first applied?' Validations: Cannot be before clock start and cannot be after 7.3</li> <li>6.11.2 - New question: 'If yes, what date was intermittent pneumatic compression finally removed?' Cannot be before clock start or 6.1.1 and cannot be after 7.3</li> <li>7.1 - Additional answer options: 'Was transferred to an ESD/community team, not participating in SSNAP'. Validations: Selecting either of these has same effect as selecting 'aischarged somewhere else'</li> <li>7.3.1 - 'Date patient considered by the multidisciplinary team to no longer require inpatient care?' (wording change from 'Date patient considered by the multidisciplinary team to no longer require inpatient care?')</li> <li>8.6.1 - Additional answer option: 'Not Known'. ('Is the patient taking: Antiplatelet?')</li> <li>8.6.2 - Additional answer option: 'Not Known'. (Is the patient taking: Antiplatelet?')</li> <li>8.6.3 - Additional answer option: 'Not Known'. (Since their initial stroke, has the patient had any of the following: Myocardial infarction')</li> <li>8.7.2 - Additional answer option: 'Not</li></ul>
3.1.1	01 Oct 2015	<ul> <li>2.11 - New question - 'Did the patent receive an intra-arterial intervention for acute stroke?'</li> <li>2.11.1 - New question - 'Was the patient enrolled into a clinical trial of intra-arterial intervention?'</li> <li>2.11.2 - New question - 'What brain imaging technique was carried out prior to the intra-</li> </ul>
		<ul> <li>2.11.2 - New question - What brain imaging technique was carried out prior to the intra-arterial intervention?'</li> <li>2.11.3 - New question - 'How was anaesthesia managed during the intra-arterial intervention?'</li> <li>2.11.4 - New question - 'What was the speciality of the lead operator?'</li> <li>2.11.5 - New question - 'Were any of the following used?'</li> <li>2.11.6 - New question - 'Date and time of:'</li> <li>2.11.7 - New question - 'Did any of the following complications occur?'</li> <li>2.11.8 - New question - 'Angiographic appearance of culprit vessel and result assessed by operator (modified TCI score):'</li> <li>2.11.9 - New question - 'Where was the patient transferred after the completion of the procedure?'</li> </ul>

4.0.0	01 Dec 2017	- 2.1.7 - remove validation: Validation Change: "Yes" is available even if patient is not in AF
	2017	prior to this admission i.e. if 2.1.3 "Atrial Fibrillation" = No then 2.1.7 answer options are not
		greyed out.
		<ul> <li>2.1.7a - New question and validation</li> </ul>
		<ul> <li>2.1.7b - New question and validation</li> </ul>
		<ul> <li>2.1.8 - New question and validation</li> </ul>
		<ul> <li>2.8 - New question and validation</li> </ul>
		<ul> <li>2.9 - New question and validation</li> </ul>
		<ul> <li>2.9.1 - New question and validation</li> </ul>
		<ul> <li>2.9.2 - New question and validation</li> </ul>

		<ul> <li>7.14 – New question and validation: 'It is not a requirement that the patient provides explicit</li> </ul>
		consent for their patient identifiable details to be included in SSNAP at this stage. However, where efforts have been made to seek consent from the patient, please state if the patient
		gave consent for their identifiable information to be included in SSNAP?'
		<ul> <li>8.8 – New question: 'Employment status prior to stroke'</li> </ul>
		<ul> <li>8.8.1 – New question: 'Employment status currently'</li> <li>8.9 – New question: 'EQ5D-5L score six months after stroke'</li> </ul>
5.1.1	10 Oct	<ul> <li>– 3.3a – question. EQ3D-3E score six months after stroke</li> <li>– 3.3a – question wording update to match webtool, delayed from 2017</li> </ul>
	2022	<ul> <li>- 3.3c – question wording update to match webtool, delayed from 2017</li> </ul>
6.0.0	01 Oct	<ul> <li>Introduction updated as core dataset split into three core datasets: (1) inpatient, (2)</li> </ul>
	2024	community, and (3) six months
		<ul> <li>– 1.6 – answer option added: 'Indeterminate' (Gender)</li> </ul>
		<ul> <li>1.8 – answer options updated (Ethnicity)</li> <li>1.12.3 – new question (Was pre-hospital video triage used for this patient?)</li> </ul>
		<ul> <li>2.1.1e – word 'Previous' added to question (Did the patient have any of the following co-</li> </ul>
		morbidities prior to this admission? Previous stroke/TIA)
		<ul> <li>2.4.1 - question removed (modality of first brain imaging)</li> </ul>
		<ul> <li>2.4a - question added (What brain imaging was performed on the patient's first visit to the imaging department?)</li> </ul>
		<ul> <li>2.4b – question added (Date and time of all brain imaging within 24 hours of clock start)</li> </ul>
		<ul> <li>2.5.1 - question added (Was the infarction a Large Vessel Occlusion?)</li> </ul>
		<ul> <li>2.5.2 - question added (How was the Large Vessel Occlusion determined?)</li> </ul>
		<ul> <li>2.7.1 - question added (What thrombolysis agent was used?)</li> <li>2.11.2 - sweeting word in a word to be whether having impring was performed at the</li> </ul>
		<ul> <li>2.11.2 – question wording updated to What further brain imaging was performed at the receiving site prior to the intra-arterial intervention? (from What brain imaging technique(s)</li> </ul>
		was carried out prior to the intra-arterial intervention?)
		<ul> <li>2.11.9a – question removed (If transferred to ICU or HDU, what was the indication for high- level care?)</li> </ul>
		<ul> <li>2.11.10 – question added (Where was the target occlusion?)</li> </ul>
		<ul> <li>2.13.1 - question added (If blood pressure lowering treatment not given, what was the reason?)</li> </ul>
		<ul> <li>2.15.1 – answer option removed: DOAC antidote (What reversal agent was given?)</li> </ul>
		<ul> <li>2.15.1 – answer option added: Idarucizumab (What reversal agent was given?)</li> </ul>
		<ul> <li>2.15.1 – answer option added: Andexanet alfa (What reversal agent was given?)</li> <li>2.15.2 – guestion added (If anticaggulant reversal net given what was the reason?)</li> </ul>
		<ul> <li>2.15.3 - question added (If anticoagulant reversal not given, what was the reason?)</li> <li>2.16 - question added (Did the patient have a neurosurgery consultation?)</li> </ul>
		<ul> <li>– 2.16.1 - question added (Was the patient transferred for neurosurgery?)</li> </ul>
		- 2.17 – question added (What was the maximum diameter (in any direction) of the
		intracerebral haematoma on the first brain imaging?)
		<ul> <li>3.2.0 – question added (Date/time first assessed (in person) by a stroke skilled clinician)</li> <li>4.4-4.6.2 – rehabilitation data collection changed from Physiotherapy, Occupational therapy,</li> </ul>
		Speech and language therapy, and Psychology to Motor function, Psychological function,
		Communication/swallowing and Other
		<ul> <li>4.6.1 – question removed (At what date was the patient no longer considered to require this therapy2)</li> </ul>
		therapy?)

	<ul> <li>4.6.2 – question added (How many of these minutes were delivered in a group session?).</li> <li>4.6.2 in the core dataset 5.1.1 was available for community teams only and was: How many of the total therapy minutes were delivered by video/teletherapy?</li> <li>4.7.1 – answer option removed (Patient considered to have no rehabilitation potential)</li> <li>5.1 – question removed (What was the patient's worst level of consciousness in the first 7 days following initial admission for stroke?)</li> <li>6.6.1 - words 'If yes' removed from question (Date patient saw a dietitian)</li> <li>6.8 – question wording updated to Date patient screened for cognition using a validated tool</li> </ul>
	(from Date patient screened for cognition using a simple standardised measure)
	- 6.11.1 – question removed (If yes, what date was intermittent pneumatic compression first
	applied?)
	<ul> <li>6.11.2 – question removed (If yes, what date was intermittent pneumatic compression finally removed?)</li> </ul>
	<ul> <li>– 6.12 - question added (Date/time first assessed by a Psychologist)</li> </ul>
	<ul> <li>6.12.1 - question added (If no assessment, what was the reason?)</li> </ul>
	<ul> <li>6.13 – question added (Date patient screened for visual impairment using a standardised tool)</li> </ul>
	<ul> <li>6.13.1 – question added (If not screened, what was the reason?)</li> </ul>
	<ul> <li>6.14 – question added (Date/time first assessed by an Orthoptist)</li> </ul>
	<ul> <li>6.14.1 – question added (If no assessment, what was the reason?)</li> </ul>
	<ul> <li>6.15 – question added (What was the patient's employment status prior to stroke?)</li> </ul>
	– 7.1.4 - question added (If discharged to ESD/community team, where is the patient living?)
	<ul> <li>7.8.1 – question added (Was the patient discharged with a combined ESD-CRT service?)</li> </ul>
	<ul> <li>7.9 – word 'personal' added to question (Did the patient require help with personal activities of daily living (ADL)?)</li> </ul>
	<ul> <li>7.9.2 – question removed (At point of discharge, how many visits per week were social</li> </ul>
	services going to provide?)
	<ul> <li>7.9.3 – question added (At point of discharge, how many visits per day did the patient require?)</li> </ul>
	<ul> <li>7.9.4 - question added (How many carers?)</li> </ul>
	- 7.12 – question wording updated to At point of discharge, was the patient provided with the
	contact details of a named healthcare professional who can provide further information,
	support and advice, as and when needed? (from Is there documentation of a named person
	for the patient and/or carer to contact after discharge?)
	- 7.13 – question removed (Was COVID-19 confirmed at any time during the patient's hospital
	stay (or after death)?)
	<ul> <li>7.13.1 – question removed (If yes, was COVID-19:)</li> </ul>
	- 7.15 – question added (Please state if the patient gave consent for their information to be
	included in research using SSNAP data?)
<u> </u>
