

SSNAP Post-Acute Organisational Audit Is Now Live

What is the PAOA?

The Post-Acute Organisational Audit will be carried out by SSNAP to obtain information about the structure and provision of care available to stroke patients **once they leave the acute care setting**. This will involve auditing post-acute providers directly about the care they provide for stroke patients. Post-acute providers who offer a service **outside of the acute setting to at least 20 stroke patients a year**, will be asked to take part in this audit and provide information on the structure and organisation of their service. This will allow SSNAP to obtain insight into the provision of care available for stroke patients once they leave their acute care setting.

How long is the data entry period?

1st of April - 30th of April
Timeframe to complete the pro forma.

The pro forma should describe your stroke services as of **1st April 2021**

Once I have locked my data how do I check it?

3rd - 7th of May 2021 After the data locking deadline, providers will be asked to export their locked data and ensure it is correct.

Which sections of the pro forma do I need to complete?

Post-acute inpatient care: **1, 2 and 3**

Early Supported Discharge (ESD): **1, 2 and 4**

Community Rehabilitation Team/service: **1, 2 and 4**

Combined ESD/CRT: **1, 2 and 4**

6-month assessment provider: **1 and 4**

Standalone/ single discipline service: **1, 2 and 4**

Other: Post-acute support service or Residential/bedded facility: **2 and 5**

It's good to know...

Clarification for each question is available online by clicking the **H** button next to the question; and also in the supporting documentation provided.

In some cases, you will either be directed to a later question or a response will not apply **based on answers to key questions**. Data should be submitted via the SSNAP Web Portal <https://www.strokeaudit.org>.

Covid response

If you have had to reorganise as a **temporary** response to COVID-19, then please report as per **your usual** commissioned service. We appreciate that this reorganisation may have been in place for a prolonged period of time due to COVID-19. However, if there is no intention to revert to your usual service delivery model, please report your current service structure.

Post Acute Support Area

If you need further guidance or support, check our FAQs and articles in the the Post-Acute Organisational Audit Help Area: <https://ssnap.zendesk.com/hc/en-us/sections/360004749617-Post-Acute-Organisational-Audit>

We will also host some amazing online support sessions! Our Post-acute Associate Directors Louise Clark and Rebecca Fisher will be providing these sessions to assist services collecting data for the Post-acute Organisational Audit.
